Craig to supply presentation & master template

---

38 countries bringing in GS1

Jason to Medunite will send documents

Barcodes on individual ~~[illegible]~~ products?
What you sell in?
All parts require barcodes

i.e. Apgar
Blender

If can be ordered by itself, requires its own label.

Even if we come out of EU we will still be following these guidelines.

Services must be added in as a service (stage 2 of process)
