Hi Dimitrios

OK, so the existing order for 200 sensors will now be cancelled:

200 x 0110081 UFO-13-2 oxygen sensors Viamed ref. MVM138217 15th July 2022

CANCELLED

140 x 0110081 UFO-13-2 oxygen sensors Viamed ref. MVM139395 26th September 2022 **Open 'call-off' order to cover until the end of the year. Proforma for 50 sensors will be processed and sensors are available for shipment next week.**

Once the current order has been fulfilled, it will not always be feasible to maintain a reserve stock due to your specific requirements.

To try and avoid any misunderstandings, going forward can you please place orders with a covering order number or ideally an official purchase order.

Regards

Steve

Many thanks.
