Hi Apostolos

Yes we have 90 that meet your requirements.

I'll ask my colleague to process the pro-forma for these remaining 90 sensors.

If you want another 50, then the sooner we know the sooner we can then try and collate 50 that meet your requirements.

Regards

Steve

Hi Steve, if you have these 90 sensors in stock, please ship them. I would like to confirm that these sensors meet our QA criteria.

Regarding the remaining orders for 2022, we may need to purchase an additional order for 50 sensors - TBC though soon.

Thanks,

Apostolos
