Dear Sophie,

are the R-22AVs on stock?

Could you send them in advance?

"the lead time is approximately 10 weeks" does it mean the sensors are not arriving end of November as you told by ordering them?

Gruß,

| Dear Christian,

Thank you for the updated order - I can confirm I have added 100x R-22AV's to your order - unfortunately we are still waiting for the R-21A sensors to arrive in stock - the lead time is approximately 10 weeks. Please accept our apologies for the inconvenience caused by this delay.

If you have any questions please do not hesitate to contact me.

Kind regards

Sophie Lines
