Good morning Ryan,

I would like to order the same sensors as Tjeerd has done,

- 6x R-22VAN (D-05)
- 6x R-17VAN (GOEL370)

Please sent the invoice so we can transfer the payment.

Normal shipment is ok.

What will be the delivery time aprox. ?

Met vriendelijke groeten,

Enrico Gaal

Onderwerp: Re: FW: question R22

Thank you Tjeerd

I expect it will arrive with us in the next few days. Your order has been sent over to our warehouse, it should be dispatched at the latest tomorrow.

Best regards

Ryan

Dear Tjeerd

Thank you very much for your email.

Please find a proforma invoice attached, I have applied our trade pricing.

Please can you let me know if your company eori number is the same as your VAT number?

The sensors are available from stock and we would endeavour to dispatch your order as soon as payment is received by either bank transfer or credit card.

I have added the transport by UPS-Standard which takes approximately 3-4 days. We can offer an overnight service if required, but the cost would be considerably higher.

I look forward to your feedback and any questions you may have.

Please let me know if you proceed with a bank payment, so I can keep an eye on our bank and minimise any potential delays.

Best regards

Ryan

Onderwerp: Re: question R22

Dear Tjeerd

Thank you very much for your email.

I can confirm that the R-22VAN would be a suitable replacement as long as it is for surface use. It is not suitable for use in rebreathers.

Please let me know if you have any other questions.

Best regards

Ryan

Goodmorning,

I have a question about the R-22VAN oxygen sensor, is this the same or good replaceable sensor for the D-05 / NRC 02 sensor?

Can you please advise use?

Yours sincerely,

Tjeerd Hoekstra
