Thank you for your reply George. According to our cross reference, R125P01-003 is the Max-250 Scuba. We cannot sell this through Viamed. We do however sell R125P01-002 which is the medical version. Our part number is 0110428. This sensor is not currently in stock.

If you do require the Max-250 Scuba, perhaps our sister company Vandagraph could assist you.

We can also supply part number 0110425 - Oxygen sensor MAX-250 with 'O' ring. You last purchased this item on July 22nd 2022, ref: BIOVIAMED18072022.

I await your reply.

Many thanks.

Kind regards

Kate Griffiths
