

Okay, thank you

Today

12:19

Hi Steve - Mefina Medical in Germany would like to order 2x 0111263 MaxO2 ME Oxygen Monitor) - I have informed them of the price increase and they have responded with the following:

We are a little irritated because we still received the item this summer at the price ordered. In addition, we have also not received any information about a price adjustment in advance.

Therefore, we would kindly ask you to confirm the ordered price to us for the last time. For future orders I have already entered the new price in the system.

Would we consider selling them 2 units at the old price or is that a no?

Steve, 12:27

OK as a one-off can do at the old price. The price increases are also not good for us.

12:28

Okay thank you -I will let them know
