

know... 😊

Steve, 14:01

Not sure why he has mentioned blenders as they are oxygen analysers, but you can do the 2 quotes whilst I look into his question.

I think he means 2 quotes:

- 20x MaxO2ME with 10x 0121182 - V-mount pole clamp - large
- 20x MySign O with 10x 0121351 - MySign O - Clamp
