Good afternoon Yeklef,

Further to our telephone conversation earlier, please see attached updated proforma invoice. It is now in UK £.

If you could reply to this email, I can then change the proforma invoice to a confirmed order and ask my colleague Cathy Green to ring you to take a card payment.

Many thanks.

Kind regards

Kate Griffiths

Good afternoon Yeklef,

Thank you for your email.

From our cross reference I can see that part number 0110021 - R-22MEDV is compatible with the Vyaire SiPAP. This costs \$37.75 each EXW and is currently in stock.

Part number 6850645 is our part number 0110023 at \$43.75 each EXW. I can see from your email you require two of these.

How many of the other part number - either 0110021 or 0110024 do you require? **I have attached a specification sheet for part number 0110021.**

We are having issues with part number 0110024 - R-24MED and I am unable to give even an approximate lead time, though I can suggest an alternative.

Many thanks.

Kind regards

Kate Griffiths
