Hi Pieter

Time seems to be ticking away faster and faster. We have current orders from you for:

500 sensors scheduled to ship 10th December

200 sensors in emergency reserve stock

500 sensors scheduled to ship 6th January

500 sensors scheduled to ship 8th February

Have you thought about your requirements for March? I thought it may be better to query this now rather than wait until after the New Year.

Regards
