Hi Christian

Thank you very much for your order.

The R-22AT are currently in production and should be ready for the end of this week.

Unfortunately we are currently out of stock of the R-33DE sensors, I aim to have more available at the end of this month. Would you like to wait until we have the complete order, cancel the R-33DE or part ship and leave them on back order?

I am sorry for the inconvenience, the pandemic is still having some effect on production times.

We will await your reply.

Best regards
Ryan

Or can you join my accounts at Vandagraph and Viamed
