Good morning Sophie

Please find attached amended PO. My colleague has confirmed that we do need part number 0110403 (MAX-3 Oxygen Sensor); therefore I have just adjusted the price to that which you advise below.

I trust that our colleagues in Payments will consider the accounts situation.

Thank you

Fran Thornton

Buyer

Dear Fran,

Thank you for your purchase order RCBN400128764.

Unfortunately, the price quoted on your order is incorrect. The current price breaks for part number 0110403 (MAX-3 Oxygen Sensor) are as follows:

1 unit - £80.00

2 units - £76.00

**3-10 units - £72.00**

11+ units - £68.00

Unfortunately, we do not currently have these sensors available in stock, and furthermore, the above prices are only valid until 6th February, where they are then due to increase. I would expect the lead time for the MAX-3 sensor to be approximately 6 weeks.

An alternative sensor, which is available in stock and at a lower cost would be the R-48V (part number 0110048). The price breaks are as follows:

1 unit - £42.00

2 units - £40.00

3-10 units - £38.00

11+ units - £36.00

If you would like to amend your order to the alternative sensor, please let me know.

\*Please also note, York Hospital's account with us is currently on stop due to unpaid invoices, therefore we are unable to dispatch any orders until this matter is resolved. Your accounts department will have been made aware of this, however should you require any further information, please do not hesitate to contact us.

Kind regards

Sophie Lines

Please note: My working days are Monday, Tuesday and Friday

**Viamed is now enacting hybrid working to allow sales and admin staff to work remotely and in the office. Telephone calls to the main office will be answered, but please continue to use email where possible.**
