[Please see the added notes.](#)

I think the goods are bulky for DHL

Please send me the packing list and estimated volume and weight. [OK we will get back to you with the weights and dimensions.](#)

About payment, I am really sorry for delays

I supposed to pay in December as was waiting for customer payments which was more than my outstanding.

But I received some unexpected cost on Dec, I will settle by first incoming [OK, understood.](#)Thanks for your patient [No problem.](#)

About monitors if you don't have any pal for them can return back, value should be zero or very low amount as returning devices

Let me check with my accountant [OK](#)

Hi Alireza

Do you want us to ship the sampling lines on your DHL account?

Do you know when the current invoices will be paid?

Am I still OK to return the demonstration Trionara and Saadat patient monitors back to you at Trionara? If so, can I ship on your DHL account?

What value for customs do you want us to use?

Dear Alireza

I heard from Ali that there was an issue regarding one of the sampling lines from your customer/s and that you planned to place an order for 100 boxes of the other sampling line.

As yet I have not received any further information. What was the issue reported by your customer?

I did supply Ali with quantity pricing.

Dear Alireza

Further to our discussion at Medica, Ali sent me a text and increased the quantity of the Luer lock sampling lines to 100 lines (4 boxes).

4 x 8010023 Sampling lines with integrated adult/paediatric airway adapter. Box of 25. \$207.00 per box

4 x 8010026 Sampling lines with Luer lock. Box of 25.
\$147.20 per box

Do you want them shipping EXW on your DHL account 954572912? If so, which service do you prefer?

For delivery to: **Trionara Technologies AB, Polygonvagen 21, Taby 18766, Sweden**

Thank you for the confirmation Alireza.

We also still have some Saadat monitors that were stored at our offices. Do you want me to return them to your offices in Sweden? If so, I would suggest sending them as a separate shipment in case customs query them, I don't want to delay your flow sensors.

If you wish I'll compile a list of the monitors, screens and accessories, there is no charge as they are all your property,

It is ok
But please the account and address are changed

Our address is

Trionara Technologies AB.

Polygonvägen 21.
Täby 18766. Sweden.

Our DHL import account is 954 572 912. So you can send under our DHL account.

Best regards

Dear Alireza

Yes of course we can ship the sensors to Trionara Technologies. Do you have an order number or reference to quote, or should we just use the email to cover? Please let me know the contact person details: name, email, phone number.

The pricing to clear everything so that we are both even is as follows:

$\$6,000 / 1,007 = \$5.96 \text{ each EXW Viamed.}$

Do you agree for us to process and invoice out at USD **\$5.96 each EXW Viamed?**

The address you provided looks new, can you please advise the status of the following previous accounts:

EUR account

Trionara Technologies AB Laxfiskevagen 6, , Partille, , 43338, Sweden

USD account

Trionara Technologies AB - USD 7th Floor, Lilla Badhusgaten 2, Gothenburg, , 41121, Sweden

FYI further to discussions with Ali Noorali in May, we effectively 'wrote off' the balance in order to clear the accounts.

For reference:

Dear Steve,

Please provide a proforma invoice for Trionara Technology for 1020 unit for \$23755.80.

We will pay \$17755.80 and the reminder will be paid from the sale of the unit and the rest of it being credited to Trionara account.

The sale price is something you decide is reasonable to sell.

As regards to \$693.24 of Mesa, they informed that they have paid, I am in process of getting a receipt.

Kind regards

Ali

So effectively (MVM131790 invoice) \$23755.80 - payment of \$17755.80 = \$6,000.00

Kind regards

Steve
