## USD Distributor Price List - Maxtec Oxygen Monitors and Analyzers

| Reference | Description                                                                                                                                                                                                                                                                                      | Price    |
|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| 0111250   | Maxtec Handi+ Oxygen Analyser, with integrated oxygen sensor R218P12                                                                                                                                                                                                                             | \$170.00 |
| 0111260   | Maxtec MaxO2+A Oxygen Analyser, includes internal MAX-250+ oxygen sensor                                                                                                                                                                                                                         | \$328.00 |
| 0111261   | Maxtec MaxO2 AE Oxygen Analyser, includes MAX-250E oxygen sensor                                                                                                                                                                                                                                 | \$337.40 |
| 0111262   | Maxtec MaxO2+AE Oxygen Analyser, short cable version. Includes MAX-250E oxygen sensor                                                                                                                                                                                                            | \$337.40 |
| 0111263   | MaxO2 ME Oxygen Monitor, includes MAX-550E oxygen sensor                                                                                                                                                                                                                                         | \$532.00 |
| 0111265   | UltraMaxO2 Oxygen Analyser, with integrated ultrasonic oxygen sensor                                                                                                                                                                                                                             | \$525.60 |
| 0110427   | Maxtec Oxygen Sensor MAX-250+                                                                                                                                                                                                                                                                    | \$90.30  |
| 0110429   | Maxtec Oxygen Sensor MAX-250E                                                                                                                                                                                                                                                                    | \$60.10  |
| 0110430   | Maxtec Oxygen Sensor MAX-250ESF                                                                                                                                                                                                                                                                  | \$60.10  |
| 0110452   | Maxtec Oxygen Sensor MAX-550E with standard flow diverter                                                                                                                                                                                                                                        | \$100.40 |
| 0120095   | Oxygen Sensor Flow Diverter 15 mm                                                                                                                                                                                                                                                                | \$8.20   |
| 0120099   | Oxygen Sensor Flow Diverter 15 mm<br>Includes O ring. M16 thread to 15 mm O.D.<br>Allows insertion into a T-adapter with a 15 mm I.D. port                                                                                                                                                       | \$6.00   |
| 0120101   | Oxygen Sensor Adapter Cap<br>22 mm I.D. - Female M16 thread to 22 mm I.D.                                                                                                                                                                                                                        | \$4.75   |
| 0120102   | Oxygen Sensor Adapter Cap<br>22 mm O.D. - Male M16 thread to 22 mm O.D.                                                                                                                                                                                                                          | \$4.75   |
| 0120103   | `T` Adapter for 15 mm Paediatric Circuits<br>15 mm I.D. - 15 mm O.D., T 15 mm I.D.                                                                                                                                                                                                               | \$2.50   |
| 0120112   | Perfusion Circuit T Adapter.                                                                                                                                                                                                                                                                     | \$18.80  |
| 0120113   | `T` Adapter for 15 mm Paediatric Circuits<br>15 mm I.D. - 15 mm O.D., T 15 mm I.D. Box of 40                                                                                                                                                                                                     | \$84.40  |
| 0120120   | Oxygen Concentrator Barbed Adapter                                                                                                                                                                                                                                                               | \$10.10  |
