Hi Steve,

I have had a reply from the consultant.

As things stand it would be best if you could remove it from your system and when things are quieter we will make another request.

Many thanks for your time and apologies for the long drawn out situation.

Regards

Pat

Subject: DMARC violationQuotation for TOF 3D Neuromuscular Transmission Monitor

Hi Pat,

I'm just following up on the attached quotation for a TOF 3D Neuromuscular Transmission Monitor that has been in progress for some time.

The pricing has not changed so the quotation can be considered still accurate, but if you need it revised with a new date, please let me know.

If the device is no longer being considered, please let me know and I will remove the quotation from our system. Also, if there is anything that I can help with to assist you in the process of gaining approval, do please let me know.

Best Regards,
