Cathy going to get the smallest box size so you can get a price from UPS. We can then set up a proforma with just the postage charge

Yay! Thank you. How do they pay?

Catrin, 08:48

Bank trans or Paypal I think would be easiest. I can set up a listing on Shopify but direct would be better I think.

£32.00 price to customer, UPS Express Saver

Ask how they they would like to pay

Minus the £11 already paid

Where is it going?
