Dear Cathy,

Please remove MAX-3 and R-48V until you have fresh stock. Preferably R-48V when you have them fresh.

Dear Piotr

Please could you confirm if you would like me to remove the Max-3 sensors off your order or to leave them on back order for when we have fresher stock.

Kind Regards

Dear Piotr

Thank you for your email earlier today. I don't have any new stock of the R-48V or the Max-3 sensors, would you like me to remove them off your order or would you like to keep them on back order for when we do receive some more stock.

We have just received some more R-22Meds, so I will be able to increase the qty to be dispatched to you. this will delay your order by a couple of days while we test and box them. I also will be able to dispatch order D1/051222

Kind Regards

Good morning Cathy,

Apologies for the delay. Last week was really busy to me.

Please go ahead with everything including R-17V sensors and except R-48V and MAX-3, unless you will have fresh ones soon enough.
