Good evening, I'm Andrea Pierfederici, owner of Blue Shark Diving in Civitavecchia (ROME) I need to buy an oxygen analyzer model VN202 mkII Oxygen Analyzer (7910100) + Din Kit, I just want to be sure the model is the one with non-timed shutdown or that it does not it turns off after a few seconds as I use it to make NITROX by connecting it to my mixing tube, I think the hole in the tube is compatible with the sensor as I had an identical model which abandoned me after so many years of work. Kindly send me an economic offer and send me the data to make the transfer.
