Subject line: Rate Increase for your Customized Declared Value service

Dear Customer,

In accordance with the terms and conditions of your Customized Declared Value addendum with UPS (the "**Addendum**"), UPS hereby provides you with notice that the Customized Declared Value ("**CDV**") rate applicable under your Addendum is increasing by an amount equal to 6.80% of your existing CDV rate, with effect as of 2nd March 2023 (the "**Effective Date**").

This means that, as of the Effective Date, your CDV rate will change from the existing CDV rate of **0.7** to the revised CDV rate of **0.75** on declared value.

This increase is being made to address the present global inflationary economic situation.

For the avoidance of doubt, this rate change shall not affect any eligible shipments that were tendered to and accepted by UPS prior to the Effective Date.

Should you have any questions or concerns, please feel free to reach out to us through the UPS Capital customer support team using the following contact details:
