Dear Kate,

We did not see your last e-mail. I'm sorry for my late reply.

Please, send the order without the missing sensor 0110416 MAX-16 Oxygen Sensor.

You can send the missing part with our next order.

Best regards,

Dipl. Eng. Petko Bizov

Subject: Re: new order O2 sensors

Good afternoon,

Thank you for your email. Unfortunately, I have just learned that we have an issue with the existing stock of and the lead time will now be approximately 6-8 weeks. I am sorry to give you this disappointing news.

We can offer a lower cost alternative: part number 0110045 - R45V which is €32 each. I have attached a data sheet.

If you would like me to amend your order, please let me know. **Then we could ship both orders together.**

We would of course take the difference in price from your next order (\$55.20 - \$32 = \$23.20).

Many thanks.

Kind regards

Kate Griffiths

Viamed is now enacting hybrid working to allow sales and admin staff to work remotely and in the office. Telephone calls to the main office will be answered, but please continue to use email where possible.
