Hi again Nadeem,

We have 17 x 0110044 R-44V in stock, but **these have a date code of December 2021**. It would be your decision if you accept these with the date code of December 2021 - these are still covered by the 15 months warranty.

We have only 4 x 0110058 - T-7 in stock.

Please let me know if you would like to order any of the 0110044 - R-44V and whether you would like 4 x 0110058 T-7.

The other sensors are in stock.

If you are able to pay by card today and then collect from us tomorrow, we would be able to proceed with your order.

Many thanks.

Kind regards

Kate Griffiths

Good morning Nadeem,

I cannot guarantee we can ship today, we are having issues with the R-44V. Also, since your cancellation yesterday a customer has bought some T-7 sensors.

I will reply to you when I receive an update from the warehouse.

Thank you for your patience.

Kind regards
