Hi Faye,

Thank you for your amended order - do you require the insurance at £10.00 plus VAT?

Kind regards

Sophie Lines

Hi Sophie

Please see the attached amended PO if you could proceed.

Thanks

Faye

Hi Faye,

Thank you for your reply - I am sorry for the confusion, I have sent you a price list which included both the Teledyne range of sensors, and our Viamed range - the Viamed sensor prices are not set to increase until 3rd April. The Teledyne range of sensors already increased on the 5th February 2023.

As you only order sensors from the Teledyne range, the attached list would have been the correct one to send to you. Are you happy for us to proceed with the order, and do you require the insurance at all?

Kind regards

Sophie Lines

Dear Faye,

Thank you for your order. Please be aware, the correct price for 25x 0110127 (R-17AH) would be £30.90 each. Please see the latest price list attached. Can you confirm whether we are able to proceed?

Also, I think we may have previously mentioned, we have recently updated our insurance policy and procedure. Viamed's product prices are supplied as EXW (Ex-Works) Incoterms 2020. We now offer optional shipping insurance to distributors placing orders. Viamed's standard shipping service is via UPS' standard CPT (Carriage Paid To) delivery Incoterms 2020. This means that the shipment is not covered by insurance for loss or damage once it leaves Viamed's premises over the shipment value of £60.

As part of our distributor review we are now required to have written confirmation whether the goods will be covered by your own insurance or if you wish for insurance to be added to your orders. Upgrading your deliveries to CIP (Carriage and Insurance Paid) by adding an additional insurance premium at 1% of total goods value (ex-vat, minimum charge of £10.00) means that any loss or damage during transit would be covered.

Please complete the attached existing distributor review form and return to us. In the meantime, please can you let me know if you require insurance of £10.00 plus VAT adding to this order, or if this is not something you require? If so, would that be the case for all future orders?

Kind regards

Sophie Lines
