Hi Emil

Thank you very much for your inquiry.

I believe the PSR-11-75- KE8 is for the SLE vents and has a 3 pole connector. We supply the original MAX-250(B) sensor and we can supply the connector, but we are unable to put the two together. If you or your client would like to do this we can supply the parts, but you will need to use a soldering iron:

MAX-250(B) - 0110432 = EUR €57.30

3 pole connector - 0131527 = EUR €4.65

Best regards

Ryan
