Hi Wayne

The production lead time is about 6 weeks at the moment.

If I may, I'll get back to you on Monday with an update regarding your current order.

Regards

Steve

Hello Steve

Do we have any idea yet of a shipping date for our latest purchase order PO# 2023-036

As an FYI. The Navy just asked for a quote of another 30. They have not ORDERED them yet, they are just requesting a quote and are inquiring if we might have any idea how long it might take after placing an order to receive them.

Any information regarding the above questions would be appreciated Sir

Thank you
