Hi Kate,

yes this would be fine.

Please ship the available sensors this week.

Good morning Christian,

I have checked with the warehouse and we can offer part shipment of 75 x 0110127 - R-17AV and 25 x 0110107 - R-17A-LV.

Would you like the warehouse to part ship later this week?

Many thanks.

Kind regards

Kate Griffiths

Good afternoon Christian,

Thank you for your email.

Sorry, we do not have any stock of the R-17A, so I have not amended your order.

I have checked with the warehouse, and unfortunately we are unable to ship your complete order (latest order). **Would you like us to ship what we can next week?** The warehouse were not able to tell me exactly what they could ship, but we will know more next week.

Many thanks.

Kind regards

Hi Christian,

I have asked Ryan and he informs me that unfortunately we are unable to ship Viamed and Vandagraph orders together.

Would you like me to pass your order for 2 x R-22AT, 2 x R-33S1 and 4 x R-33DE to Vandagraph to process? Or would you like to email Vandagraph directly?

I will let the warehouse know that today's Viamed order can be shipped this week.

Many thanks.
