

Posey Products Training

Posey products are manufactured by Tidi in USA and are branded as Posey.

They produce ranges including: fall prevention, restraints, bed safety, to name a few.

The main products which are currently available from Viamed include:

Posey Sensor Wraps

Posey Pulse Oximeter Probe Wraps help secure many styles of flexible optical transducers and probe sensors without adhesive tape, allowing for easy application and removal and helping preserve delicate skin.

Holds sensor firmly to prevent misalignment of optical components, while blocking out excessive ambient light

Universal designs fit a neonatal foot, infant toe, or paediatric or adult finger

Posey wraps may be cut to fit any length. Single use.

Available in packs of 12

Model number 6554

Dimensions: 5" L x 1" W (13 cm x 3 cm)

Recommended Use: Patients requiring pulse oximeter monitoring

Paediatric version no longer available (6554P).

Posey I.D. Bracelets

Posey Removable ID Bracelets are designed to be easily removed or relocated for newborns as IV sites are changed. Foam ID bracelet is easily repositioned on wrist or ankle to accommodate IV site changes. Temporarily replaces permanent "ID" when permanent "ID" interferes with IV site.

Includes a blank ID panel for writing or to accept a 2 5/8" (7 cm) label. Secures with hook-and-loop. Single use.

Recommended Use: For newborn identification permanent "ID" interferes with IV site.

Sizes available: Newborn (Available) & Premie (Whilst Stocks Last)

Posey I.V. Armboards (Whilst Stocks Last)

- Requires tape for attachment (tape not included)
- Full vinyl covers for patient comfort

Recommended use: Helps to position infant or paediatric arm during IV procedures

Sizes available: Infant & Paediatric

Posey SecureSleeve (Whilst Stocks Last)

The Posey SecureSleeve is a multi-purpose external arm splint designed to help reduce patients' arm movements without the use of rigid splints.

Sizes available: Infant, Infant (L), Paediatric, Paediatric 2-7 years

Similar to the above

Posey Soft Splint Paediatric (Whilst Stocks Last)

- An external hand, wrist, elbow and knee splint
- Waterproof outer cover
- Inner lining of soft cotton adds extra comfort against the skin
- Translucent fabric allows the splint to remain in place during X-rays
- Polystyrene bead filling conforms to the limb and helps equalize pressure with comfort and stability
- Nylon loop may be pinned or clipped to patients sleeve to prevent sliding off

Posey SecureSleeve Clips

Available in Metal and for use in X-rays
Single use

Posey Elbow Split (Whilst Stocks Last)

- Patients requiring an external limb splint
- Wraps around the arm and secures with hook and loop
- May be pinned to clothing to hold them in position
- Stiffeners may be removed for laundering; machine washable

Available in sizes: Infant & Paediatric

Posey Foam Trach Ties

- One-piece collar helps secure most tracheostomy tubes
- Designed to help prevent removal, extubation and decannulation during severe coughing spasms

- Single use

Recommended Use: For patients with tracheostomy tubes, oxygen cannula support use

Available in sizes: Small, Medium, Large & Extra Large

Posey Secure Ties

Adjustable sizing for a comfortable fit. Extra tie ensure that the trach tube is in place more securely. Single use.
39cm (15.5") tie - 2 straps. 60cm (23.5") length x 3cm (1") width.
Box of 12.

Available in sizes: Small, Medium & Large

Pricing

Pricing can be found on Intrastats, under the "£" symbol. There are also downloadable PDFs against the "£" or in the "i" section. Quantities are available per product line.

Box quantities and product sizes are listed on the price list and on Intrastats. See stock Search column for further information or search on "Display description" – "Price List".

Certifications

Should you require to find information on what certifications a product has please see the stock screen, "i" icon and find the "Certificates" option. Click this and it will open the document index and all related certificates for that line.

Marketing Materials

Up to date signed off copies of marketing materials such as leaflets, manuals and price lists (or in the £ screen) can be found on the stock pages under the "i" icon.
