Good morning Daniel,

No problem, I will arrange for another proforma invoice for 50 to be sent to you later this morning. The price would be the **50 off price - £58.65 each**.For the other 100 sensors, I would amend the proforma invoice MST142941 to show 100 x 8010050 with the **100 off price of £55.40**. If you require the 100 sensors to be shipped separately - maybe with the dates given on your previous order - then I would need to set up separate proforma invoices using the **10 off price of £65 each**.

Please let me know how you would like me to proceed.

Many thanks.

Kate

Hi again Daniel,

Steve Nixon has asked me to check that you require the 50 sensors as soon as possible and the remainder to be shipped as soon after that as we can? This is obviously different to the schedules of dates you originally used.

Many thanks.

Many thanks Daniel, your order is now live on our system, and I have asked if we can part ship 50 when available.

Please see attached proforma invoice, please let me know if you require any changes to be made.

Good morning Daniel,

Thank you for your order of 75 x 8010050 and 3 orders for 25 x 8010050.

I have checked with Steve Nixon and unfortunately we will be unable to meet the first delivery date. Even under normal circumstances the lead time is 4 - 6 weeks. There are currently longer lead times due to increased demand.

Please could I also ask if you are happy for me to proceed with the correct price of £65 each when purchasing 25 sensors?

You requested that we invoice for 25 now, and 25 every 2 months after. I am sorry, we are unable to do so, we can only invoice against the deliveries.

I await your reply.

Many thanks.

Good Morning Kate

Attached purchase order, can you please process for me and organise delivery?

Also, not sure if your system can handle this sort of setup, but are you able to invoice us for 25 now, and 25 every 2 months after?
