Hi James

Thanks for all your help with this. We now have a new sensor called the R-22DSX, trade price £38.

Best regards

Ryan

Hi ryan

Hope you are good. Tried the cell again and to me it doesn't seem to be working correctly ! Do you want me to send you a computer and the cell and see what you think or shall we juts push it back to Apeks and let them sort?

Whether it's a computer issue, but it does seem to take an eternity to get any reading on it at all.

Let me know
