

Procedures for Converting the R-17 VAN Sensors into the WGA-02

WGA-02 is used in the following instruments:

- Weld Wide Argonaught (TEK-OX)
 - Sumner Argonaught (TEK-OX)
-
- 1) Provide Derek with the barcodes of the R-17VAN sensors. Inform Derek of the Model (WGA-02) and the company name to be on the sensor (Weld Wide or Sumner).
 - 2) Remove original Teledyne label and replace with new OEM label.
