Hiya

Hope all well and that you've had a super long weekend

A question – we have just had a customer in the shed with a Dive Soft O2/HE analyser needing a new O2 cell

The only think written on the cell is 'type 22' – and apparently it has a 3 pin molex connection ...

Do you stock these?

If so – please can we have one of these

The divers are here just now and are needing asap

Thank you!

Please can we add these too ...

3 x R17VAN

1 x R33D

Know it's bank holiday Monday – but hoping that you can post royal mail special delivery Tuesday – to arrive with me Wednesday

How's that?

As soon as the proforma lands with me then I will phone and pay

Spot on!

Fingers crossed!

Thank you all

Sara
