Hy Sophie,

You will find the wire transfer, if you can confirm delay please.

Also, i need 5 cells for these series (5 units) but i have no references if you can help please. If it's ok, i need a new proforma for five units.

Many thanks

Dear Alexandre,

Thank you for your email.

Please find attached your Proforma Invoice for the items requested - our cross reference shows that the MAX-14 (Fluke) sensor (p/n 0110420) is compatible with both the VT650 and VT Plus HF, so I have used a quantity of 8 units. This sensor is currently in stock.

The R-41V Sensor is due in stock within 1-2 weeks.

With regards to the R-24MED Oxygen Sensor, there has unfortunately been a parts supply chain problem and we are unsure of the current lead time for this sensor - we are hoping to receive some sensors within 1-2 weeks, but due to the recent issues, this cannot be confirmed at the moment.

I have attached technical specs for each sensor so you can determine whether these suit your requirements.

Please let me know if you require any changes to the Proforma Invoice or if you have any questions.

Kind regards

Sophie Lines

Hy,

Can you make me a quote and proforma invoice please for :

- 5 cells R-41V
- 5 cells for Fluke VT650 MAXTECH MAX-14 or MEGOS E-09 (the two references i have inside two products) or equivalent for you
- 5 cells for Fluke VT900 TELEDYNE R-24 MED or equivalent for you
- 3 celles for Fluke VT PLUS HF, but I have just photo, I'm not shure for the reading

Many thanks,
