Subject: FW: [External] Renewal of registration
To: <Steve.Nixon@viamed.co.uk>

Dear Mr. Nixon,

I am writing you in front of company Dre Medical d.o.o. located in Bosnia and Herzegovina. We have been cooperating for long time with company Envitec who has redirected us this year to you in case we need some offers, as you can see from our communication with Mrs. Wagner.

I would like to ask you to send us Advance Invoice on e-mail in accordance of previously agreed terms of cooperation.

Also since are registration renewal for sensors is expiring soon and we will need renewal, I would like to know who I can reach out for documentation that's needed for registration (DOC, ISO 13485, EC certificate, Free Sale, Labels, IFU...).

Thank you very much,

Kind Regards,

Irma Fejzić

Dear Mr. Dreyer,

I am writing you on behalf of company Dre Medical from Sarajevo. Since I am assigned to deal with documentation and making sure that our registrations are in date I would like to ask you to guide me through.

As you are aware that your company had changed name and registration is almost out of date, Agency for Medicinal products and Medical devices has listed mandatory documents so we can renew registration and supply them with updated documents.

Please be kind and send to me on e-mail documents listed below:

- Statement in which you declare that the company has changed name. Please sign it and stamp in pdf file
- New ISO certificate
- Updated packaging labels for medical devices; Flow sensor and O2 sensors
- Original user manual for both devices

Documentation listed below should be ORIGINAL and sent to our company address:

- Letter of Authorization
- EC certificate, (Original or notarized in country of manufacturer)
- Declaration of Conformity for both devices (Flow sensor and O2 sensors)

In case of any kind of additional questions, please don't hesitate to contact me.

Address for documentation delivery is below my name.

Kind Regards,

Irma Fejzić
