Good Morning,

Sorry but the client did not order the sensors. So I think you can delete the request.

Thank you.

Good afternoon,

Further to your email below, please can you let me know if you are still waiting to hear from your customer regarding this Proforma Invoice?

If you believe it is no longer required, please let us know and we will be able to remove it from our system list.

Kind regards

Sophie Lines

Dear Sophie,

Thank you very much for your quotation.

Can you please tell me, you ship from the UK or you have a warehouse in the EU?

Good morning,

Thank you for your reply. If the Viamed badged version is not acceptable to you, I can confirm it would be possible for us to supply the original Envitec branded OOM102-1 sensor for you if still required? There would be a lead time of approximately 4-6 weeks for this sensor.

We do supply the MAX-250TM, the part number is 0110435. We currently only have 24 units available in stock - the lead time for more units would be approximately 4-6 weeks. The price would be €88.40 each EXW

Please let me know if you would like me to proceed with a Proforma Invoice for both the OOM102-1 and MAX-250TM, or just the MAX-250TM?

Kind regards

Sophie Lines

Dear Sophie,

Thank you very much for your quotation. But unfortunately we can not use this type.

Do you have the **MAX-250TM Oxygen Sensor** by any chance? If yes, please send me a quotation for the same 30 pcs.

Thank you in advance!

Dear Bence,

Thank you for your email. I can confirm that we have a Viamed branded version of the OOM102-1 - it is the same sensor, but with Viamed labelling - the part number is 0110019 (R-17Vi Oxygen Sensor) - I have attached the Specification data sheet for you. Please let me know if the Viamed version would be acceptable to you?

The price for this sensor is €26.00 EXW. The lead time for this sensor would be approximately 4-6 weeks from receipt of payment. If you would like me to send you a Proforma Invoice, please let me know.

Kind regards
