

11:27

Hi Helen, Manchester Perfusion ordered a MySign Kit, they were sent a MySign (which was on the order) but they were charged Kit price. SH checked with Cathy and she says easy to send the charger which is the only difference between kit and MySign (Already paid for charger). Am I ok to put on a free of charge order on please? Thank you

HL

Helen, 12:38

yes
