Hi Mariseth,

Thank you for your reply. We do not need an amended order, your email will suffice.

However, as previously stated, we unfortunately do not have stock at the moment and the lead time will be approximately 6-8 weeks.

As you have stated your requirement is urgent, the only other alternative we could offer would be the MAX-3 Oxygen Sensor (part number 0110403)

We have 2 available in stock, however the prices are higher. The price breaks are as follows:

1 unit - £87.20

2 units - £85.10

3-10 units - £82.90

11+ units - £78.50

If you would like to place an order for the 2 remaining MAX-3 Oxygen sensors instead, please let me know.

Kind regards

Sophie Lines

Good morning,

Thank you for your order 40881343.

Please be aware that part number 0110048 (R-48V Oxygen Sensor) has recently been superseded with part number 0110579 (OOM113 Oxygen Sensor) - the sensors are the same, however will have an Envitec label, instead of Viamed (see pictures below).

Please see the price breaks below:

1 unit - £45.00

2 units - £42.75

3-10 units - £40.50

11+ units - £38.25

The lead time for these sensors is approximately 6-8 weeks.

Please can you let me know whether you are happy to proceed?

Kind regards

Sophie Lines
