Good morning,

Thank you for your email.

The price of a service and repair for the V1000 is £45, plus £12 carriage, plus VAT. **If you require us to email you a UPS label for collection of the device, this would be an extra £12 carriage, plus VAT.**

We would issue an official quotation upon receipt of the device and not proceed until an official PO is received.

Please let me know if you would like me to proceed and I can then reply with a returns reference number.

Many thanks.

Kind regards

Kate Griffiths

Good morning,

I wonder if you would be able to let me have a quote for the calibration of our Viamed Foetal Heart Simulator SN PR02094A30. Please could you also include a quote if available for the collection and return delivery including insurance from the address below:

Clinical Engineering (formerly Equipment Services)

Level One, Blue Zone,

Medway Maritime Hospital,

Windmill Road,

Gillingham,
