Hi Pieter

Yes, I think an extra order to cover the 200 would be better, otherwise we will be taking from the next month's batch...

Hi Pieter

As discussed, we are still trying to speed things up, we have had a component supply chain issue.

At the moment:

300 x sensors (balance of the existing order) to ship 7th/8th June

500 x sensors for June order to ship 9th/12th June

200 x sensors to be put into reserve stock 14th/15th June

I am sorry about the delay with the balance of the May order, I hope that this does not cause too much inconvenience for you.

Regards

Steve
