Hi Ryan,

Thanks for the promptly reply.

Let's go forward with 2 sensor cells + Airmail.

Could you please send the proforma invoice?

Kind Regards,

Honeron Costa, *Dive Technician*

You don't often get email from office@viamed.co.uk. [Learn why this is important](#)

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Honeron

Thank you very much for your email.

The R-33VAN-2 Sensors are GBP £85 each EXW

We have a couple of options for delivery:

Airmail (international signed service) = GBP £16

UPS (express saver service) = GBP £42

If you need the sensors in a hurry, then I would recommend the UPS service, as airmail would typically take 2-3 weeks.

The sensors are assembled to order, this normally takes 7 working days from receipt of order.

Please let me know if you have any questions or if you would like to proceed with an order and I can send you a proforma invoice.

Best regards

Ryan
