Hi Ryan, I have forwarded you an email from Meditech who are unhappy that their new proforma has increased pricing (I had checked with HL/DL and they said I had to use new pricing as the price goes up in 2 days). Thank you

Ryan, 12:40

Okay, I'll take a look

Ryan, 12:45

SN told me the current pricing changes 1st july, so if they have ordered today it should be at the old pricing

I checked with Derek/Helen, and as it is a proforma (won't have paid by then) and will be from the new stock coming in, they say it should be new pricing.....

(They have ordered 500 packs of eyemax in total)

Give me a few mins

Ryan, 13:04

Hi Kate, I have spoken with SN, please let it go at the old pricing, he has it covered
