Hi

Please can we send a proforma invoice for 1x R-22MED to Vagelis Rousopoulos (CID10867). invoice and delivery address as before.

It should not have insurance listed, this is already provided as they are an end user and the value of the goods is only €48.50

Not sure if we are allowed to add paypal charges for end users, please check with HL.

Thank you, Ryan

Yes exactly it is one sensor and the same address

Thanks

Dear Vagelis

Can I confirm, is it 1x R-22MED sensor?

Would it be the same delivery address as last time?

Best regards

Ryan

Hi again

I prefer to buy directly from you. Be careful for this time that the invoice is correct. If you can't put any guaranty. Thanks when I have the invoice I will proceed to the payment through the paypal again.

Dear Vagelis

Thank you for your email. Viamed EU operates as an office only for Viamed in the UK, unfortunately we can not supply from there.

We can supply you in Greece, but the supply would still be done from the UK, as before. Of course, we would make sure the invoice is correct in future, but I believe there would still be some charges from your customs.

If you would like to try and avoid purchasing from the UK, I can put you in contact with some of our partners in Greece, please let me know if this would work for you?

Best regards
Ryan

Hi good morning

I calling from Greece. Will you please send me a proforma for an oxygen sensor R-22med. I am an exercise physiologist and i am using oxygen analyser for vacumed US.

Could you please inform for the cost and if it is possible to send it in Greece.
