Hello Ryan,

Thank you very much for your cooperation!

I spoke with the dive centers I am working with and next week we will post a larger order, including oxygen cells and maybe at least one more analyser.
Do you have replacement for this cell:

Hi Yavor

Thank you very much. We would be happy to supply you on a trade basis, please find our trade and retail price lists and some product information attached.
Although most of our business is with the recreational area, we do supply quite a lot of sensors into the commercial industry, such as our R-33VAN-2 and R-33VAN-4 sensors, so please keep us in mind if you ever have any enquiries for sensors.

VN202 (manual off) - 7910110 = GBP £120 each EXW
Oxygen Concentrator Adapter = GBP £6 each EXW

If you would like to proceed with an order, please provide me with your complete company address (Billing and Delivery), VAT number, EORI number and I will send you a proforma invoice which can be paid by either bank transfer or credit card.
As soon as payment is received we would dispatch your order from our UK based warehouse.

Please let me know if you have any questions.

Kind regards
Ryan

Dear Ryan,

Thank you very much for your quick response!

Our company is specialised in commercial diving service and supplying of commercial and recreational diving equipment.
Those gas analyzers will be delivered to one of the commercial diving companies at home (Bulgaria) and will be ordered by our company, as we will supply more equipment like a dive panel, communication and etc.

Dear Yavor

Thank you very much for your email.

Before I send you the pricing information, please can you let me know more about your company?

Are you intending on purchasing the device and reselling to your clients or are they going to source the device directly?

I look forward to your reply.

Best regards
Ryan
