Dear Bogdan,

Thank you for your email. I believe the sensors you require are the R-47V and the MAX-250(B)-SLE - I have attached a Proforma Invoice for the quantities you requested.

For the MAX-250(B)-SLE Due to restrictions imposed by standards we can no longer supply this sensor variant with the connector fitted.

We supply the components as follows:

0110432 MAX-250(B) oxygen sensor with unterminated leads  
0131527 3 pole connector

If you require any further information please do not hesitate to contact us.

Kind regards

Sophie Lines
