FAO Steve Hardaker/Returns Department,

Herewith,

1 x GOC5223 Oxygen Sensor – sensor no. P103649

We sold this in July 2022 to a GE company and they fitted to a machine last week to find it wasn't working. Could you check to see if the sensor is actually faulty and replace if found to be faulty.

Otherwise, let me know your findings.

I have advised this particular customer not to buy "bulk" from us as they are not selling/fitting them quick enough after we have supplied.

Many thanks
