Hi Jacek

We are just waiting for the R-33VAN-2 to come through production. They are due to be finished tomorrow / Monday and will be dispatched on Monday at the latest.

Best regards

Ryan

Hi Ryan,

As we said, I would like to order: 2x R-33VAN-2, 2x R-33VAN, 4x R-17VAN, 2x R-22VAN.

Regards

Jacek

Hi Jacek

I appear to be missing the DOC for the R-22VAN, so I will have to create one and come back to you.

Best regards

Hi Ryan

Due to the fact that a Polish military unit asked me about these sensors, they are asking if there is any quality certificate for these sensors.

Regard Jacek

Hi Jacek

It looks like an R-33VAN, but I can't be sure. I have not tested one.

Best regards

Ryan

Ryan

I posted the wrong photo before.

I'm sending the correct one now.

This sensor Analox 9100-9212-5H looks like R-33VAN

Hi Jacek

Thank you very much for your email.

9100-9212-2: we can supply our R-33VAN-2 as a suitable replacement, trade price is £65.

We normally build these sensors to order, so lead time can be up to 10 days.

9100-9212-5H: unfortunately we do not currently offer a suitable alternative.

Best regards

Ryan

Hi Ryan

I have a question about replacements for Analox sensors.

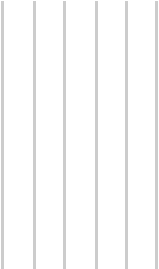

One is Analox 9100-9212-2 Oxygen Sensor and the other is Analox 9100-9212-5H Oxygen Sensor.

What will be your replacements?

What will be their net price?

Best Regards

Jacek
