Subject: Re: MAX-10 O2 Sensor for GE Anesthesia

Hello Ziad

Good morning

Thank you for your email.

The part you require is called the R-30V (0110040), I will state our current prices and further information below.

Our current price for the R-30V is **\$70.00** each.

The warranty period is for 15 months, but we would recommend putting the sensors in to use within 6 months to make the most of the warranty.

The shelf life for this product is specified as 24 months.

Please let me know if I can assist with anything else.

Kind regards

Aqib Majeed

Dear Aqib,

Kindly quote as per the attached sensor for GE anesthesia unit.

Also what is the expected service life and shelf life for this sensor?

Kind regards,

Ziad Mehanna
