Hi Ryan and Michael,

Can I please order another 12 sensors like normal with the same postage, Please send through the invoice and I will arrange payment.

I will follow up with more information, but I have had a couple of issues with some of the C3 sensors, I have had to replace 2 of them due to erratic operation. One of them would not go down past 1% oxygen and then would spike up to 2+%, even when full of inert gas. The second one was doing similar to above but not as bad. What is the process to request replacement for a faulty sensor?

Regards

Damien MacDonald
