Good morning Sophie,

Thank you for information.

Please kindly quote us the item MaxO₂+AE with Short Cable- product number 0111262.

MaxO₂+AE

The MaxO₂+AE is best used anywhere an inline analyser is needed, when alarms are not deemed important. It is especially useful in conjunction with older ventilators or oscillators.

	Standard Cable - 0111261 Short Cable - 0111262
<ul style="list-style-type: none">• Long battery life (approximately 5,000 hours on 2 x AA batteries)• Ergonomical handheld design• Impact resistant and drip proof• Large LCD with 3.5 digit display• Warranty: 24 months	

Best regards

Tereza Jirásková

Subject: Re: Oxygen analyser AX300-I

Good afternoon,

Thank you for your email.

Unfortunately, we no longer supply the Teledyne AX300 Oxygen Analyser, as it was not viable to maintain the CE mark in accordance with the new EU Medical Device Regulations.

We do have some alternative products available - I have attached a leaflet for your perusal. If you would like further information about any of these products please do not hesitate to contact me.

Kind regards

Kind regards

Sophie Lines

Dear Viamed team,

I trust all is well with you.

May I have a quotation/offer of price of your Oxygen analyser AX300-I.

Last time we purchased it in year 2016 and we would like to purchase one unit within this year.

Thank you.

Best regards
