Hi Aqib

Please could you send me an updated quote for the
the **TOF-3D Neuromuscular Transmission Monitor**,

Thanks

Lee

Hello Lee

Good afternoon

Unfortunately yes, Due to rising costs that is the best price for that product.

Please let me know if I can assist with anything else.

Kind regards

Aqib Majeed

Thanks, is that the only device, I remember the DB3 costing around £200 and £1400 is a bit of a steep climb.

Thanks

Lee

Good afternoon,

Thank you for your enquiry.

Yes we have a replacement for the DB3 which is the **TOF-3D Neuromuscular Transmission Monitor**, part number 2510091 which costs £1,400 each, plus £12 carriage, plus VAT.

There are a three different monitoring accessories available for the TOF 3D Neuromuscular Transmission Monitor to allow secure placement of the accelerometer for accurate twitch response monitoring:

- 2520111 - Thumb Adapters (single use) @ £45.00+VAT / pack of 50
- 2520112 - Eye Adapters (single use) @ £82.00+VAT / pack of 50
- 2520110 - Hand Adapter (reusable) @ £38.50+VAT / each

Note: for hand placement, you can choose either the reusable hand adapter or the disposable thumb adapters, they are not used together. I have attached an Instruction Manual for reference, which illustrates the placement positions.

I have attached leaflets/ comparison sheet and a price list for your information.

In addition, we can supply training materials for use by the Hospital Clinical Educator, these include: PowerPoint training presentation and a Windows based simulator which provides full operation simulation of the device. We also offer support to Clinical Educators. However, **we currently do not include on-site training**.

Please let me know if you require any further information

Kind regards
