Hi Philip, do you need me to wait for another purchase order?

Kind regards

Kate Griffiths

Viamed is now enacting hybrid working to allow sales and admin staff to work remotely and in the office. Telephone calls to the main office will be answered, but please continue to use email where possible.

Hi Kate,

Further to our telephone conversation regarding the TOFF3D nerve stimulator, we would like to order one unit today and a pack of 50 disposable thumb adaptors for collection after 2pm by our driver with a view to order 3 more units in the near future.

I have discussed with my manager and ED who will authorise this transaction on receipt of this e-mail.

Thankyou for your help and prompt action in dealing with my request

Lauren

Subject: TOF 3D

Good morning Lauren,

Thank you for your enquiry.

The **TOF-3D Neuromuscular Transmission Monitor**, part number 2510091 costs £1,400 each, plus £12 **standard** carriage, plus VAT.

There are a three different monitoring accessories available for the TOF 3D Neuromuscular Transmission Monitor to allow secure placement of the accelerometer for accurate twitch response monitoring:

- 2520111 - Thumb Adapters (single use) @ £45.00+VAT / pack of 50
- 2520112 - Eye Adapters (single use) @ £82.00+VAT / pack of 50
- 2520110 - Hand Adapter (reusable) @ £38.50+VAT / each

Note: for hand placement, you can choose either the reusable hand adapter or the disposable thumb adapters, they are not used together. I have attached an Instruction Manual for reference, which illustrates the placement positions.

<image.png>

<image.png>

<image.png>

I have attached leaflets and price list for your information.

The device uses standard paediatric electrodes, which Viamed does not supply, but which are readily available through standard supply chain channels.

Instructions for Use are supplied in accordance with the Medical Device Regulation, and the device is for use by suitably qualified personnel: specialists, anaesthetists and nurses with specialization in anaesthesia care.

In addition, we can supply training materials for use by the Hospital Clinical Educator, these include: PowerPoint training presentation and a Windows based simulator which provides full operation simulation of the device. We also offer support to Clinical Educators. However, **we currently do not include on-site training**.

Please let me know if you require any further information, or if you require an official quotation, please let me know which items you would like me to include.

Many thanks.

Kind regards

Kate Griffiths
