to Alexander

Hi Alexander,

Many thanks for the information you have already sent. I believe we are very close to completing our Technical File and so the project should start to move forward over the next few days.

I assume , considering the high standard of your replies,that you are satisfied with the overall quality and standards of production of your suppliers.

However just to complete our files we have a standard questionnaire that all UK ISO companies send out annually especially if the supplier does not have a full registered ISO.

I have attached a copy for you.

I would be grateful if you could ask your suppliers to complete it.

If they require a non-disclosure agreement I will have them sent over.

Also if you want them in Chinese please let me know.

They are not vital so there is no panic. I just like to complete all the documentation as it saves hassle if we do encounter any problems in the future.

Thank you for your patience.

Kind regards

John.

PS Did you get my reply about Skype. I have your name on my screen but it never seems to indicate you being there. There could be something amiss.

John
